

Two Papercraft Clowns

Hinged Clown

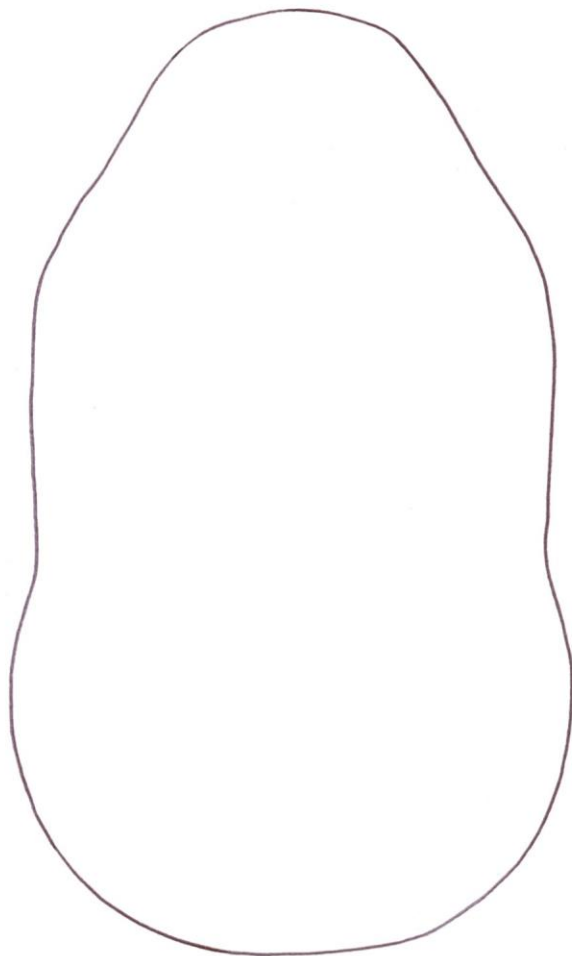

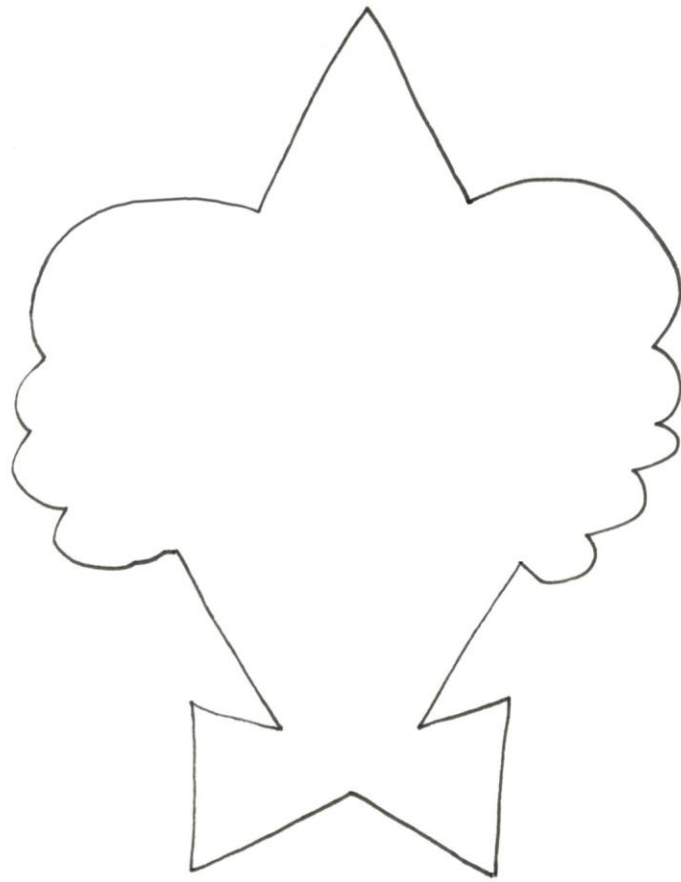

Use the following two pattern pages to create a hinged clown, using metal brads:

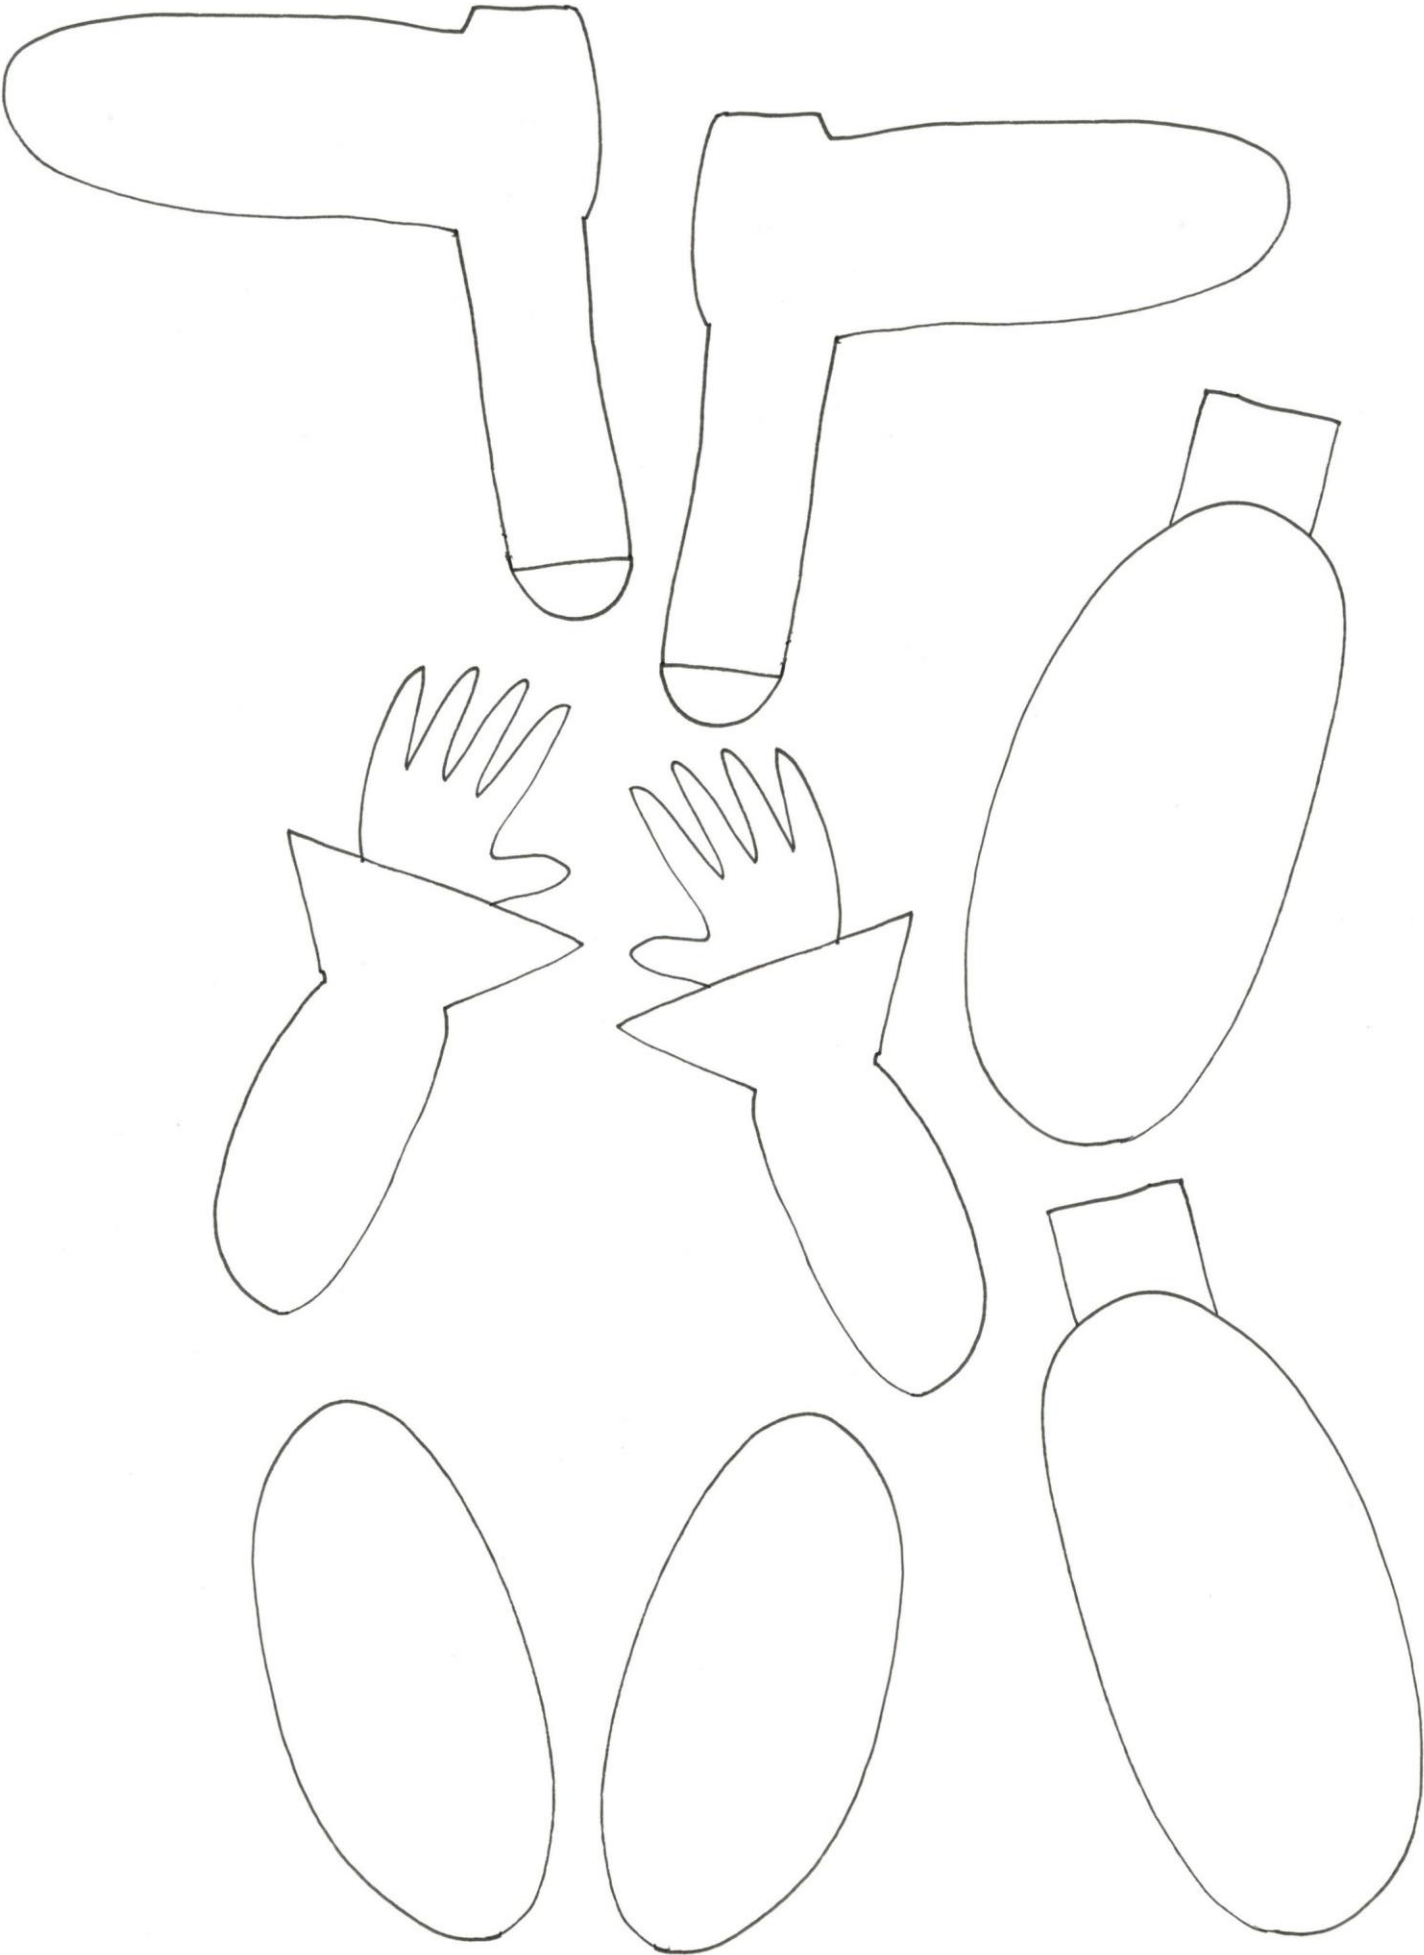

Print the pattern pages onto card stock, then color the pieces and cut them out. Join together as shown, with brads.

A shorter clown can also be made, by leaving out the upper arm and upper leg sections.

Accordion - Fold Clown

Use the following pattern page to create a puppet clown. Print the pattern page onto card stock. Then color the pieces and cut them out. Use an accordion fold for the body, and glue the long arm piece at the back of the folded body. Also glue hat onto head, and glue head onto body.
